# Hamilton Beach COMMERCIAL

**Quiet Shield™  
Sound Enclosure**  
Reduces blender noise

**Magnetic Sensor**  
Reduces careless clutch grinding when poperators are rushed.  
120V model: turns off when jar is removed  
230V model: turns off when quiet shield is lifted

**Airflow Baffle**  
Constantly circulates cool air around the motor for back-to-back blending and longer blender life

**Cavitation Control**  
Detects when cavitation occurs and prompts the operator to add more liquid.

**Converts For  
In-Counter Use**

**Super-Creamy  
Drink Profile**

The Wave-Action® System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile

**Nonskid feet**  
hold blender securely in place
